CUT KNURLING TOOL HOLDER

TOOL SERIES C210

C210-25R21.50508

Machine Type :
CNC machine,Troub,Sliding head, Lathe, Auto-lathe,Turning/Milling Center

POSSIBLE PROFILE	KNURLING WHEEL USED		
GE	AA	AND	AA

Features :
- Cut knurling with material removal
- Heavy-duty Double Cut Knurling holder
- Minimal vibration in machine high quality visual profiles, close tolerances
- Reduction in Forces on Machine bearings
- Movable head for fine adjustment of cutting angle
- Diameter scale for wheel adjustment to match component diameter
